

Foal of the Week

WONDERFUL WORLD - HAPPENS (BARATHEA)

Patinack Farm colt from a mare who was runner-up in a LR Widden Stakes

Broodmare monitor foaling alarm system

Some sets available for hire

MAGIC BREED

Alarms are designed to monitor the foaling of broodmares while allowing them to feed and foal naturally in the paddock or barn.

Simply place the headstall with transmitter on your mare approximately 7-10 days prior to foaling date.
